

WORKPLACE HEALTH, SAFETY AND ENVIRONMENT MANAGEMENT COURSE

Introduction

World over, workplaces are fraught with numerous hazards, which if not mitigated, may result into injuries or loss of lives. The International Labour Organization (ILO) estimates that 2.3 million people around the world succumb to work-related accidents or diseases every year. Businesses must therefore adapt to effective Safety, Occupational Health and Environmental management for success.

Morendat Institute of Oil and Gas (MIOG) in collaboration with Moi University have designed a course that highlights and emphasizes understanding of the management practices and processes involved in creating a safe and healthy working environment.

On completion of the course, participants will be able to:

1. Understand and implement principles of Safety, Occupational Health and Environmental management in the workplace.
2. Describe the fundamentals of incident/accident investigation.
3. Perform risk identification, assessment and evaluation strategies.
4. Coordinate injury prevention in the workplace.
5. Understand statutory and proactive measures in the Safety, Occupational Health and Environmental management sector.

Target: Managers, Supervisors, HSE champions, Workers Union representatives and HSE Officers, Fire Officers, Safety and Health committee members.

Dates: 23rd - 27th Aug and 8th -12th Nov 2021

Venue: Morendat Training and Conference Centre, Naivasha

Fees: Kshs. 42,750

To register for the course, please visit MIOG website <https://miog.kpc.co.ke/> and submit your details.
